What We Do...

Our Vision:

All **schools, families, and communities** will be **partners** in education ensuring **success for all** children.

Our Mission:

Together as partners in supporting **all children's** academic, social, and emotional **growth**, we communicate, nurture trust, and advocate **for all families and communities.**

Family Engagement Matters

Research shows that family support is more important to school success than a student's IQ, economic status, or school setting.

Family support leads to:

- ✓ Higher grades and test scores
- ✓ Better behavior and more positive attitudes
- ✓ Higher graduation rates and better attendance
