

The goal of the Nevada Refugee School Impact (RSIG) program is to assist newly arrived refugee children to successfully transition to a new way of life in Nevada and specifically help them adjust to their new school, academic expectations and social environment. The RSIG program utilizes a three-tier approach to ensure the successful integration of refugee youth in our school district and community. It focuses on student services, parent engagement, and school support. The RSIG program is student-centered and addresses the students' social, physiological, emotional and linguistic needs to promote their academic success.

Student Services

- Newcomer refugee cultural and school orientation including information about behavior expectations, school rules and policies
- Newcomer refugee needs assessment
- Credit retrieval and enrichment
- College and career counseling
- Tutoring and homework support
- Referral to appropriate educational supports, community agencies and wrap around services
- Assistance with clothing, backpacks, basic school related supplies and bus passes
- Mentoring programs

School Support

- Assistance during registration process
- Access to interpreters and translators in selected low-incidence languages
- Assistance with development of tutoring programs for refugee students
- Parent engagement workshops
- Professional development to promote understanding of refugee students' specific needs, characteristics and assets
- Strategies to foster language and content development
- Curriculum and instructional supports including certified tutors in high need areas
